*All available plans and applicable payment options, fees and disclosures will be presented to you during enrollment. Enrollment in and availability of plans may be subject to state law limitations. An enrollment fee will apply and other fees may apply. The enrollment fee is considered a finance charge which is defined by federal regulations as "the cost of consumer credit as a dollar amount." To make it easy for consumers to compare this cost to other forms of credit, Higher One provides the equivalent annual percentage rate (APR), which takes into account a number of variables, including the number of payments, the term, and the principal amount. APR limits may be subject to applicable state laws. The Tuition Payment Plan is administered by Higher One.
