

Chemistry

Recommended core science courses in the A.S. degree at CAC

Fall Spring

1st Year:

**CHM 151*	CHM 152
------------	---------

2nd Year:

CHM 235	CHM 236
**PHY 121	PHY 122

Math Sequences:

Math thru MAT 231 or 241 as determined by 4-yr univ.

* CHM 151 requires a prereq of CHM130 or H.S. chem with a C or better.
To finish in 2 years, take CHM & MAT prereqs before your first year.

**Math preqs. Check catalog.

The catalog has the other AGEC requirements for the Associate of Science degree.

Check the courses needed for your major at the university you plan to transfer to, as each university might have
