

"Pre-Medical"

Recommended core science courses in the A.S. degree at CAC

	Fall	Spring
1st Year:	**CHM 151* BIO 181	CHM 152 BIO 182
2nd Year:	CHM 235 **PHY 111 + at least 1 more BIO (BIO 201 or higher)	CHM 236 PHY 112
Math Sequences:	Math thru MAT 221 as determined by 4-yr univ.	

* CHM 151 requires a prereq of CHM130 or H.S. chem with a C or better. Some chemistry is recommended for BIO181. To finish in 2 years, take CHM & MAT prereqs before your first year.

**Math preqs. Check catalog.

The catalog has the other AGEC requirements for the Associate of Science degree.

Check the courses needed for your major at the university you plan to transfer to, as each university might have different requirements.
