

# "Pre-Pharmacy" (not pharmacy tech)

Recommended core science courses in the A.S. degree at CAC

	Fall	Spring
1st Year:	<b>**CHM 151*</b> BIO 181	CHM 152 BIO 182
Summer	BIO 205	
2nd Year:	CHM 235 <b>**PHY 111</b> BIO 201	CHM 236 # PHY 112 BIO 202
Math Sequences:	Statistics & Math thru calculus as determined by 4-yr univ.	

\* CHM 151 requires a prereq of CHM130 or H.S. chem with a C or better. Some chemistry is recommended for BIO181. To finish in 2 years, take CHM & MAT prereqs before your first year.

\*\*Math preqs. Check catalog.

# a higher university science may be substituted for PHY 112

The catalog has the other AGECE requirements for the Associate of Science degree.

Check the courses needed for your major at the university you plan to transfer to, as each university has different requirements.
