## WE TRAVEL TO LEARN

Today's global community challenges each of us to engage people and cultures we might not fully understand. The more we travel, the more likely we are to connect local issues to global ones—and the more culturally aware we become in an increasingly interdependent world.

Communication Studies will offer a study abroad experience through an Intercultural Communication course in Spring 2020. Come and explore Intercultural Studies in Greece for Spring Break 2020 March 14-22. Explore the settings, structures and cultures that remain of the once-mighty ancient Greek civilization. Gaze out from Pericles' greatest vision after two thousand years of war, bombardment and reconstruction. Discuss the feats of Michael Phelps and company at the site where the modern Olympics were born, and ponder life's great questions in literal molds of Socrates, Plato and other great philosophers.

## You will experience:

- Intercultural Communication in Greek Culture
- Learn Interpersonal Communication Patterns
- Explore Beliefs, Values, Social Practices and Norms
- Engage in Greek Language
- Experience Greek Cuisine
- Learn about Ancient Greek Civilization and Culture
