

Proposal for the 2020 Middle School Math Contest

The following will be the Virtual Middle School Math contest format. The format includes asynchronous assessment and social media/school spirit portions. Schools can choose to take part in one or both. Contest goes live on Friday November 13th and it will close on Friday November 20th. Winners will be announced on our website and individually.

Asynchronous Portion

The assessment is the individual test and will be a **Forms** based test. The students will be given a predetermined amount of time to answer the questions individually. The tests will be graded in house by the Instructional Specialists. First, second, and third place finishers will be recognized. Teachers will be responsible to proctor the test. Test will be available from Friday November 13th until Friday November 20th.

School spirit/Social Media

School spirit week will be a metric for school participation, schools with the greatest school spirit participation will receive points towards the School Participation Award. This part of the contest will be based on schools showing math spirit on social media. A hashtag will be created and used to determine which school had the most participation. A prize will be awarded for the school with the most school spirit. Spirit week will be from Monday November 16th – Friday November 20th.
