OR

Garrett.Hurt@centralaz.edu

Program Description: The Diesel Technology Certificate I prepares students for entry level employment as diesel technicians/mechanics helper with an array of career opportunities within the industry. A typical graduate will seek entry level employment with an equipment dealer, equipment rental company, or a highway heavy construction company.

Use this Program MAP as a guide to choose courses with your advisor and track progress towards milestones and completion of program.

Work with an advisor to customize your plan to align with your specific career and/or transfer goals.

Notes:

SEMESTER BY SEMESTER PROGRAM PLAN FOR FULL-TIME STUDENTS

Plans can be modified to fit the needs of part-time students by adding more semesters

Table with 4 columns: Semester 1, Credit Hours, and two empty columns. Rows include course names like AGB124, MAT106, DIE132, DIE133, DIE116, DIE118, and a Semester Credits row totaling 17.

Total Program Hours: 17

Total program cost, including tuition, books and fees is approximately \$1,462. Financial aid may be available.

CAREER INFORMATION

As part of Central Arizona College's TRUE Learning Community, our Career & Transfer Center supports students in achieving their goals through career development and/or transfer to a four-year institution. For more information, visit CAC Career & Transfer Center at centralaz.edu/transfer.

If you are interested in pursuing an AAS Diesel Technology, review that degree and talk to an advisor.
