Program Description: The Arizona General Education Curriculum (AGEC-A) fulfills lower-division general education requirements for students planning to transfer to an Arizona public university or community college. The AGEC-A transfers as a block of at least 35 credits which meet the target institution’s general education requirements provided student earns a grade point average of 2.0 on a 4.0 scale for an Associate’s degree, and a GPA of 2.5 out of 4.0 for assured admission to the AZ public universities. Students may earn both high school and college credit for these classes. This map does not meet the AGEC Business or AGEC Science requirements.
