

**Area of Interest:** Industrial Technology & Skilled Trades

**Certificate:** Fundamentals of Structural Welding

**College Catalog:** [2022-2023](#)

**Program Location:** Signal Peak

**Program Description:** The Fundamentals of Structural Welding Certificate provides students with an introduction to the structural welding industry. Students are taught Flux Cored Arc Welding and structural fabrication with gas-shielded and self-shielded wires. They have the opportunity to certify to AWS D1.1 Structural Steel welding code in course WLD230. Introduction to other welding and cutting processes is provided with WLD110. Students get a broad overview of metallurgy in WLD118. This certificate is one semester long and leads into our first-year certificate
